

Our staff are all highly qualified, dedicated people who are experienced in working with young children.

Our program is a developmentally appropriate play program where children learn in a process oriented environment. They learn to play and play to learn!

Stories, songs, fingerplays and art activities are all part of the daily learning experience.

There is a balance between active and quiet activities and indoor and outdoor play.

Field trips and visitors to the classroom provide enrichment to the preschool curriculum.

A snack is served each day.

A Quality First Step

- To integrate Christian truth in all areas of the child's investigation of God's world.
- To use a developmental approach to meet the total needs of your child.
- To develop readiness in reading, language and math.
- To establish routines of physical habits, work habits and self discipline.
- To promote growth through creative expression in art, music and movement.
- To help your child develop socially by learning to participate in group activities, by sharing and being concerned for others.

Nursery School Ages 3-5

Classes are vertically grouped, ages 3-5 combined, under the instruction of a qualified teacher and an aide. Individualized instruction is used to meet the unique needs of each child.
